

**ENVIRONMENTAL PROTECTION AGENCY**

**6560-50**

**[EPA-HQ-OECA-2011-0230; FRL-9510-1]**

**Agency Information Collection Activities; Submission to OMB for Review and Approval; Comment Request; NESHAP for Gasoline Distribution Bulk Terminals, Bulk Plants, Pipeline Facilities and Gasoline Dispensing Facilities**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 et seq.), this document announces that an Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval. This is a request to renew an existing approved collection. The ICR, which is abstracted below, describes the nature of the collection and the estimated burden and cost.

**DATES:** Additional comments may be submitted on or before [INSERT DATE 30 DAYS AFTER PUBLICATION IN THE FEDERAL REGISTER].

**ADDRESSES:** Submit your comments, referencing docket ID number EPA-HQ-OECA-2011-0230, to (1) EPA online using [www.regulations.gov](http://www.regulations.gov) (our preferred method), or by email to [docket.oeca@epa.gov](mailto:docket.oeca@epa.gov), or by mail to: EPA Docket Center (EPA/DC), Environmental Protection Agency, Enforcement and Compliance Docket and Information Center, mail code 2822IT, 1200 Pennsylvania Avenue, N.W., Washington, D.C. 20460, and (2) OMB at: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17<sup>th</sup> Street, N.W., Washington, D.C. 20503.

**FOR FURTHER INFORMATION CONTACT:** Learia Williams, Monitoring, Assistance, and Media Programs Division, Office of Compliance, Mail Code 2227A, Environmental Protection Agency, 1200 Pennsylvania Avenue, N.W., Washington, D.C. 20460; telephone

number: (202) 564-4113; fax number: (202) 564-0050; email address: [williams.learia@epa.gov](mailto:williams.learia@epa.gov).

**SUPPLEMENTARY INFORMATION:** EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On May 9, 2011 (76 FR 26900), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments. Any additional comments on this ICR should be submitted to both EPA and OMB within 30 days of this notice.

EPA has established a public docket for this ICR under docket ID number EPA-HQ-OECA-2011-0230, which is available for public viewing online at <http://www.regulations.gov>, in person viewing at the Enforcement and Compliance Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Avenue, N.W., Washington, D.C. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Enforcement and Compliance Docket is (202) 566-1752.

Use EPA's electronic docket and comment system at <http://www.regulations.gov> to submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the docket that are available electronically. Once in the system, select "docket search," then key in the docket ID number identified above. Please note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at <http://www.regulations.gov>, as EPA receives them and without change, unless the comment contains copyrighted material, Confidential Business Information (CBI), or other information whose public disclosure is restricted by statute. For further information about the electronic docket, go to [www.regulations.gov](http://www.regulations.gov).

**Title:** NESHAP for Gasoline Distribution Bulk Terminals, Bulk Plants, Pipeline

## Facilities and Gasoline Dispensing Facilities (Renewal)

**ICR Numbers:** EPA ICR Number 2237.03, OMB Control Number 2060-0620.

**ICR Status:** This ICR is scheduled to expire on December 31, 2011. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. The OMB Control Numbers for the EPA regulations are listed in 40 CFR part 9 and 48 CFR chapter 15, and are identified on the form and/or instrument, if applicable.

**Abstract:** The National Emission Standards for Hazardous Air Pollutants (NESHAP) for Gasoline Distribution Bulk Terminals, Bulk Plants, Pipeline Facilities and Gasoline Dispensing Facilities was published on January 10, 2008 (73 FR 1916), and amended on January 24, 2011 (76 FR 4156). Potential respondents are owners or operators of any existing or new gasoline distribution facilities that are an area source of hazardous air pollutants (HAP) emissions.

In addition to the initial notification and notification of compliance status required by the General Provisions to 40 CFR part 63, subpart A, respondents are required to submit one-time reports of start of construction, anticipated and actual startup dates, and physical or operational changes to existing facilities. Reports of initial performance tests on control devices at gasoline distribution storage tanks, loading racks, and vapor balance systems are also required and are necessary to show that the installed control devices are meeting the emission limitations required by the NESHAP. Annual reports of storage tank inspections at all affected facilities are required. In addition, respondents must submit semiannual compliance and continuous monitoring system performance reports, and semiannual reports of equipment leaks not repaired within 15 days or loadings of cargo tanks for which vapor tightness documentation is not available.

All records are to be maintained for at least five years. All reports are to be submitted to the respondent's State or local agency, whichever has been delegated enforcement authority by the EPA. The information is to be used to determine whether all sources subject to the NESHAP are achieving the standards.

This information is being collected to assure compliance with 40 CFR Part 63, SubpartBBBBBB and CCCCCC, as authorized in section 112 and 114(a) of the Clean Air Act. The required information consists of emissions data and other information that have been determined to be private.

**Burden Statement:** The annual public reporting and recordkeeping burden for this collection of information is estimated to average 8 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Gasoline Distribution Bulk Terminals, Bulk Plants, and Pipeline Facilities; and Gasoline Dispensing Facilities

Estimated Number of Respondents: 19,120

Frequency of Response: Initially, and semiannually

Estimated Total Annual Hour Burden: 60,517 hrs

Estimated Total Annual Cost: \$6,178,409 which includes \$6,068,409 in labor costs, \$0 capital/startup costs, and \$110,000 in operation and maintenance (O&M) costs.

Changes in the Estimates: There is a decrease in the labor hours in this ICR compared to the previous ICR. A large percentage of affected facilities are already complying with this rule as a result of their compliance with applicable State and local rules. We have minimized or eliminated the reporting and recordkeeping requirements under this rule for most of those sources. There are no new or reconstructed facilities expected within the larger, bulk segment of the industry and new gasoline dispensing facilities are expected to be subject to NESHAP subparts BBBBBB and CCCCCC rules. Thus, we have developed this ICR with the expectation that only existing sources will be subject to the reporting and recordkeeping requirements of the rule.

Dated: December 21, 2011

John Moses, Director, Collection Strategies Division.
